- AiL task 3: Practical outcome
- AiL task 4: Think On Write On

Computer Science/ICT

- AiL task 1: TOWO Task
- AiL task 2: Python Coding Task
- AiL task 3: Spreadsheet Model
- AiL task 4: Database Task

CCYD

Assessment system

Programmes of Learning (POLs) are designed to clearly outline the **knowledge, skills** and **experiences** learners will encounter in each subject within an AOLE across the year.

There is careful consideration of the Principles of Progression across the POLs which supports learner progression and informs the AiL tasks. This allows each class teacher to assess and monitor the progress of individuals and the group and informs the next steps in learning

Each learners report will indicate a target grade and for each data drop a grade will be entered based on the teachers professional judgement at that point and utilising the AiL assessment tasks to inform the decision

This is a legacy year

EXPRESSIVE ARTS

Music

- AiL task 1: "Tetris" performance.
- AiL task 2: "Minecraft" composition.
- AiL task 3: Pop Music appraising & performance
- AiL task 4: Blues performance & improvisation
